

In speaking of the condition of the herd Mr. Ball said that they have had a hard trip out from Brampton. The train to which the car of Jersey was attached, was stopped near Keweenaw for two days by a washout and the animals did not get a drop to drink all that time. Under the circumstances they failed very fast and have not yet fully recovered.

Berkshire Are First.
T. A. Cox, of Bramford, has a Berkshire herd which has 14 points behind it. The three year old boar took first place in Toronto last fall in a herd of ten. Other sows held second and first prizes in Toronto and London shows. The entire herd is all, including the litter. The exhibit of Jersey also includes a stock of Less-Than-Standard, which has not been shown here before. The string of Tamworth and Improved Yorkshires already on the grounds indicates that the exhibit of hogs will be something worth seeing.

The horses have not been very prompt in arriving as yet, but all will be in their places by nine o'clock this morning. It is expected that the horse show of this year will be up to the average in quality, notwithstanding the fact that the Dominion Fair at Calgary brought many valuable horses out West last year.

Poultry Features.
President G. W. Owen, of the Twin City Poultry and Poultry Show Association, when interviewed as to the poultry show this year, said that the entries were very fair considering that the hen family is busy hatching and rearing chickens at this season and that rearing time is at hand. This prevents the entries from being larger than they are. Two months later would be a more suitable time for the poultry show. As it is, the exhibit will be mostly of local birds.

The poultry association has arranged for lectures on hoes and demonstrations twice a day, in full culture, with full live and live in place frame. The object is to encourage the keeping in this province. Demonstrations will also be given twice a day in poultry dress, plucking, etc., by Mr. La Change, a poultry expert of London.

A refreshment booth will also be in connection with the Association, where, poultry, poultry, may be eaten. An expert will always be on hand to answer any questions in relation to poultry breeding.

Card Indicators.
In a survey of the exhibition grounds, there is evidence on every hand of the fact that the directors have given to the requirements of the exhibitors. Cards are posted up showing where the classes of stock are to go and every stall is numbered so that each exhibitor on leaving the office of the entry clerk knows just where his stock belongs. These cards also show the visitors at once the needs of stock on exhibition, so that there will be no cause for confusion in the various booths.

The cool weather of yesterday was most suitable for the moving of the stock. This always means a great deal for the keeping of stock in good condition.

R. HOCKLEY,
Surrey Representative.

A BIG EXCURSION FROM SEDGWICK

People of the Southern Town Will Accompany Southern Bank of the Knights of Pythias to the Capital on Wednesday next.

The people of Sedgwick will come to the city on Monday on Wednesday next by special train, to see the fair and also to join in the Knights of Pythias excursion. Sedgwick has a uniformed rank team of 25 members K. O. P. and they have presented a special train which will run through from Red Deer, connecting with the regular A. W. train.

The special is expected to reach Strathcona about half past eleven o'clock and the local body K. O. P. are endeavoring to secure special ticket rates to convey the excursion to the city. The K. O. P. parade will take place on that day. Sedgwick is observing Wednesday as a public holiday and as Thursday is Dominion day all exceptionally large crowd of people will come to Edmonton from that town and other points along the line.

Today's Sessions.
Today's sessions of the Grand jury in the children's hall, was largely taken up with the hearing of report of the coronator and other committees. One of the main items of business is the adoption of a new constitution for the district council.

At the meeting at Calgary, this constitution has been under consideration for some time by the committee and they are now submitting the results of their work to the Grand jury.

WHERE DID THE MONEY GO?

Western League Will Investigate Gate Receipts at Calgary Game.

Medicine Hat June 23.—Complete have been received by President Fleming from several of the teams which have visited Calgary to the effect that returns made at the gate do not represent, by any means the attendance at the game. With an attendance estimated at 2,200 only five hundred dollars were taken at the game in one case. Captain Fleming of the Redwings to President Fleming today, an investigation is to be held by the league and all of the evidence is to be of the kind will say nothing as to where the

EDUCATION, HEALTH, PHYSICAL TRAINING

Women's Council Delegates Discuss The Aims and Conditions of School Life.

Toronto, June 23.—The International Women's Council held a joint educational, public health and physical training conference this afternoon. Lady Aberdeen and Lady Grey being present. A paper by Professor Wm. Gill of Philadelphia, was read. The proposition to revise school punishment, he said, made by 12 per cent of the principals of your public schools, was refused by the board of education of that city. Public sentiment favors nothing but the school and would not sanction corporal punishment. Schools should be conducted on school lines, not on municipal officials, elected by the public. The aim of the school is to develop the child's mind.

Mr. M. J. Ed said that upon the parents' shoulders rest a large portion of the responsibility for the moral tone of public schools. The importance of literature for the young mind was stressed. A verbal of seasonal novels was bad to the moral state of the young reader. The cause for excitement by the young is evoked by the multitude who attend weekly business and "want tarnished mirror, their minds must be before the days of childhood are past."

Hon. Mrs. Franklin, of Great Britain, spoke on moral instruction in schools. Leaving aside the question of Bible lessons, the method of teaching morality by separate lessons in honesty, and truthfulness, she said, which is to be found when children are placed face to face with the literature of the world. Moral teaching is to be effective must reflect the home life as well as that of the school.

Rev. Dr. Stevenson, of Philadelphia, spoke at the conference on "How to Tell a Child the Origin of Life." Hundreds and thousands of parents would tell their children if they knew how. He warned parents against giving children false ideas. "When you deceive your child you give him a lesson in deceit, which he will repeat upon you with success."

In the literature section Mrs. May Wright Sewall spoke on "What kind of literature is being read and what are the schools and colleges doing to give direction and character to it." Her answer to the first question was that there were all kinds of people in the world and all kinds of books were read. "All kinds of people, wise and foolish, produce books." There must always depend upon the state of civilization at which we had arrived. In answer to the second question she said that the standardization of a list of authors for examination had made for a universal superficial knowledge of these, but have caused individual initiative in reading to decrease.

MEXICO WILL BUY ALBERTA WHEAT

Duty Thrown Off to Permit Importation and Relieve Conditions by Drought.

Vancouver, B.C., June 23.—Owing to severe drought, conditions in Mexico, the government of that country has entirely abolished the entry duty on wheat until September 15, according to a telegram received today in Vancouver. This means that the export of Alberta's grain to Mexico via Vancouver this season will be large, as much being shipped as can be landed at Mexican ports before the date on which the duty will become operative, shipping and grain men here

look upon September 15 as two early a date for the importation of the duty, and it is believed that it will be

Keep Young

The Best of All Breakfast Foods

There's a reason behind all fads and fancies. We required light breakfast foods and the market was flooded with health foods (so-called). But—the best breakfast food in the world is "Zephyr Cream" Soda Biscuits crushed in cream or fresh, sweet milk.

Christie's "Zephyr Cream" Sodas

have more original goodness than all other sodas manufactured on this continent. More than that, the original goodness of Christie's Biscuits is lasting. The flavor does not vary.

All big biscuit makers buy a good brand of flour. We buy all good brands. Then we blend the best brands, sift and test the blend until we find a dough that will sustain the Christie reputation. Expensive! Yes—but we know no other way of starting to make biscuits up to our own high standards.

Every ingredient entering into our "bakes" is the purest and best we can buy.

Our "Zephyr Cream" Sodas crushed in cream, or fresh milk, certainly do make an excellent light breakfast. You test them.

AT YOUR GROCER'S
Sold in bulk, or in small family tins, cheap and direct-proof.

Christie, Brown & Co., Ltd., Toronto

R. S. GILLIS,
Edmonton Grand Representative Pythian Grand Lodge.

If you can afford to use the Best, buy Robin Hood Flour "THE FLOUR THAT IS DIFFERENT"

If you do you will find that the cost of ROBIN HOOD is smallest after all. The bigger loaf is one difference. Easier assimilation of the bread is another difference. The sweeter flavour is a third difference. There are other points of difference. Any one of them worth the extra cost.

STRATHCONA NEWS

DR. MONTYRE LECTURES BEFORE LUDIC RESIDENTS.

Member of the Federal Parliament for Strathcona 1st, Dr. M. P. Montyre, of the Southern Town of the West of the Last Session.

Before a well-filled hall at Leduc on Monday night, June 28, Dr. M. P. Montyre, M.P., delivered a very interesting address under the auspices of the Board of Trade on the work of last session of the Federal Parliament. The speaker was introduced by President Ruby, of the Board.

In his opening remarks, the doctor congratulated the Leduc Board of Trade upon their methods of obtaining information as far as possible by getting addresses from men who were conversant with the "inner workings" of the subjects they discussed.

This latter was particularly true of the work of parliament, for though the public was furnished with three reports innumerable of what transpired day by day in the House, these reports were not always able to suit the ends of the party to which the party belonged. At times what was eliminated from the report of a day's proceedings was far more interesting to the public generally than what was published.

200 Bills Were Passed.
During the session just closed, 200 bills had been passed, with this was not considered very active legislation. However many bills had no little time for discussion, and many of these was the Immigration Act, as important a question as any to come before the House. A wide-open immigration policy would bring almost unlimited foreign immigrants, many of a very undesirable nature. Many in the old world were anxious to come, and the government could make, desirable citizens. The Immigration Act before the House, although it had been criticized by some country legislators, did not shut out any more than did the Order-in-Council which was now prevailing.

There was just one addition. Any immigrant developing epilepsy or insanity within three years after he was deported. The new Immigration Act had been delayed, and had not been passed.

An important amendment to the Railway Act for a company having filed plans for a railway line, had only two years in which to hold an option on the land through which the road is to pass. After that time, readjustment of land values may take place.

The Canada Life Bill was explained by the speaker. The bill was to charter for place that company on the same basis as other insurance companies with regard to their stockholders and policy holders. The bill was to give the policy holders to be participants in the profits of the business of the company just the same as stockholders, although the profits had never been divided.

The G.T.P. Lost.
Another very important piece of legislation was the million dollar loan to the Grand Trunk Pacific. G.T.P. had been in the money market, their value, they had therefore, secured the government for a loan of \$10,000,000, giving an equity of 50 per cent. The loan was granted by the Grand Trunk Railway Company. With this assistance, the G.T.P. expected to make their first two years business a record breaker, and then be able to sell their bonds at the full value. Members opposing the loan could only get that the loan could only be a guarantee of \$10,000,000, and the company when they came to "sell" the mountain section of the loan would be back again for another loan. However, the bill passed and every person voted for it.

Passing on the speaker explained the directors of the finance committee of the country and the issuance of C.P.R. bonds at par, the last year had been a hard year financially, but the present one gave every evidence of returning prosperity. The "val" was twenty-two millions less than that of last year.

The session had lasted four months, and as much work had been done as in eight months last year.

The doctor was tendered a hearty vote of thanks on motion of Messrs. Simonds and Telford.

A PATRIOTIC SERVICE.
The Sunday school service in Knox Presbyterian church yesterday took the form of a patriotic service in view of the near approach of Dominion Day. The pastor, Mr. D. C. Campbell, presided, and the church members who were occupied by the superintendent of the school, Mr. D. C. Campbell. The address of the afternoon was given by Mr. M. P. Montyre, M.P., who spoke on Patriotism, Simonds and Telford.

CHILD STRATHCONA. RECALL FIRE CHIEF RESIGNS.
Chief McMahon, of the Strathcona fire department, has tendered his resignation which has been accepted by the fire and life committee subject to the approval of the council. It is improbable however, that the whole body of the firemen will resign as the result of the turning down of the fire hall scheme by the council last Tuesday night. The matter of the new fire hall will come up again for consideration at a later meeting of the council board when all the aldermen are present. Last Tuesday night when the resolution to submit a bill for raising \$17,800 for a new fire hall, the ratemakers was defeated. Ald. Tipton and Elliot, who had supported the new fire hall, were absent.

LOCALS.
The pulpit of Knox Presbyterian church was occupied yesterday morning by Rev. Mr. Douglas, and in the

evening by Rev. Dr. McDonald. The new pastor, Rev. Mr. Miller, of Nanaimo, is expected on the 14th and will preach his first sermon on the 18th of July.

Andrew Davidson, Jr., has accepted a position with the Saskatchewan Capital Development Corporation, and will be leaving for that town on Sunday night.

Rev. W. B. George goes to Leduc on Tuesday evening where he will conduct service.

The Indians from Poncha, about 100 caravans in all, passed through Strathcona on Saturday afternoon about 2 o'clock and camped near the station where they took up their camp near the exhibition grounds.

There was a large crowd of people at the station yesterday afternoon to see the old time world's champions, John L. Sullivan and Jack Kilrain, who appear at an Edmonton theatre this week.

Rev. Mr. Watt who came west from Collingwood some time ago to take the pastorate of Knox Presbyterian church, pending the arrival of the new pastor, has been in the hospital for the past three weeks and is now recovering.

There was a leak of lightning is reported from Leduc, when Owen McKee's house was struck last week. The electric field struck the chimney of the house, took a zigzag course down the roof and passed into the chimney, down the wall and from there struck the front door and took the same zigzag course to the front porch.

Mr. McLaughlin, of last year's Strathcona, left town, who was playing this spring with Leduc, has signed a contract to play for the team of the season. Ross Hall, another of last year's Strathcona team, has signed a contract to play for the team of the season. Ross Hall, another of last year's Strathcona team, has signed a contract to play for the team of the season.

Mr. W. R. George of Strathcona, will conduct the service in the Leduc Anglican church on Wednesday, June 29th, at 2:30 p.m. The public are cordially invited.

M. L. Rogers and family, of Leduc moved to Strathcona last week and will take up their residence here.

LAC LA NONNE.
Bulletin News Service.
Messrs. Barlow and Berle, general stores on the base line, celebrated their closing and completion of their business on the 18th of June, by giving a social dance.

There was a very large turnout of the settlers from Lac La Nonne, Pombas and St. Anne, which must have been a source of gratification to these enterprising young business men. The building and land had been bought by the C.P.R. line S.W. of Lac La Nonne and no doubt will be a prominent trading point as a branch line is expected to be built.

Mr. and Mrs. John Dunn from Kelowna, Scotland, are visiting their son, Charles, and Mrs. Dunn have been out before, and are now in the city. The Dunn family is the owner of a large tract of land here last year from the C.P.R. adjoining his home.

Mr. Norman S. Hunter, a student of the University of Pennsylvania, is visiting his uncle, the postmaster of Lac La Nonne.

The Lac La Nonne school is in full swing. Mr. R. H. Best an able and efficient teacher from Ontario, has taken the place of Mr. McDonald and Rick Valley schools and has been teaching for several years.

Mr. C. C. Manion will migrate to southern Colorado for the benefit of his health as soon as his daughter, Mrs. John Ladouceur is well.

Mr. John Ladouceur is very ill at the moment, and is expected to die. Mr. Ferguson from Monteville is in attendance, on Wednesday an additional midwife here before the birth of the infant child. Mr. Ladouceur has the care of the child.

The Rick Valley people are preparing to make war on the public works department and compelling that distinguished department of public necessity to continue the backhoe work and to take up as for Major Lusk.

The weather is ideal, crops of all kinds are doing well. The wheat is up to the ears, and the corn is up to the knee. The weather is ideal, crops of all kinds are doing well. The wheat is up to the ears, and the corn is up to the knee.

Quebec Investigation.
Quebec, June 28.—Hon. W. A. Weir leaves tonight to preside at the investigation of the charges against the cases will be reached through an immediate conclusion as all the parties are anxious that the case be decided.

Messrs. Weir and Rudolph Roy, and Blount Patterson, Tossier and Lavigne are anxious that the case be decided.

Furnier Out on Bail.
Quebec, June 28.—Judge Carroll rendered judgment today in the Furnier case, refusing the bond of a writ of habeas corpus. Ladimians, Messrs. Weir and Rudolph Roy, and Blount Patterson, Tossier and Lavigne are anxious that the case be decided.

HONDURAN POLITICS.

Republicans and Democrats Argue With Revolvers and Knives.

Mobile, Ala., June 27.—Passengers arriving here from Port Limon, on port number "Red" Sunday in the interior of the republic. At Atlanta a meeting was held of Republicans at which the John Bellows, or local judge, was present and gave orders to the meeting to be discontinued. His orders being disregarded, he fired a revolver, and fired on the party, his example being followed by two policemen. In a few minutes, no voters and knives were drawn on all sides on a general fight, which between the Republicans and the Democrats in which Francisco Jimenez was shot through the heart, Jose Merced was shot in the stomach, and others were injured. It is reported that the priest of the district, who Rodriguez with the greatest bravery and with utter disregard of the dying bullets was seen in the midst of the fight, trying to restrain the people, and assisting the wounded in being carried to his house. A strict investigation has been ordered by the president of the Republic.

Judicial fight took place the same day in Heredia, Ricardo Vicente Lema a prominent member of the Republican party, was shot to death by a policeman while resisting arrest. His life was attempted by a member of the Ingles party, Lema put up a desperate fight.

Body Found at Windsor.

Windsor, Ont., June 28.—The badly decomposed remains of J. A. Kenny, aged 22, former employee of the Detroit River Tunnel Co., who disappeared last February, were found in the Detroit river this morning. Relatives are sure foul play was committed against him. His life was attempted by a company with two strangers at a hotel. He had a small amount of money and a gold watch.

KEEP HILLS.

Bulletin News Special.

H. H. Henry paid a business trip to Edmonton last week, visiting several friends.

J. B. Pettit went to Edmonton on Saturday last where he will remain some time.

J. Gurnough is in the city on a short visit.

The heavy hailstorm of Wednesday found the weak places in many a roof in the district. The hailstones were nearly half an inch across and weighed nearly a quarter of an ounce. The storm fortunately did not bring any rain in the city, those not being so well situated as to receive harm.

The crops mostly cultivated in this new neighborhood are oats and potatoes, with an occasional field of fall wheat.

The inhabitants now record another step forward, having a hearty stretch of hill and muskeg lands and made into a good road under the supervision of road foreman E. H. Wright.

Agents at the Land Office have few vacant quarters in this locality. This suggests well for the property of the district.

A public notice has just been issued signed by J. A. Hoag, J. Selvester and E. Tattersall, calling a meeting at the latter's home on June 30, of all those interested in forming a public school district.

CHINA WANTS TO TRADE WITH CANADA.

Sends Consul General to Ottawa for First Time—Opportunity for Trade.

Montreal, June 28.—The Chinese first consul general to Canada arrived in Montreal tonight on his way to Ottawa, in the person of King Hui Chao, who, with his suite, has come via London to look after the commercial relations between Canada and the celestial empire. This is the first time that China has entered into commercial relations with the Dominion of Canada. Mr. King was received at Montreal by a large delegation of the Chinese here. The new Chinese consul general speaks little English. He, however, is accompanied by an English secretary. In an interview Mr. King stated that China was going through a period of commercial, social and industrial reform and recognition that Canada was rapidly becoming an important commercial country and that it will be desirable in order to prosper their relations. He said he and his suite would develop to such an extent that the trade between the two countries would soon develop to such an extent that the Canadian government would need commercial agents to China as it had in various other countries. China, he said, exports large quantities of flour and grain to the United States and now was anxious why Canada should not take its share of this trade, which

return it could import tea and other manufactured products from China. Mr. King with his suite have journeyed to Ottawa.

Conciliation Board Forming.

Lethbridge, Alta., June 28.—The Canadian West Coal company, which though not in the Western Canada Coal operators' association, has had a strike nearly as long, has asked for a board of conciliation, as provided by the Lethbridge act, and have nominated Colin Macdonald, of Lethbridge, as representative. The suit is now before W. C. Robinson, a Lethbridge.

Negotiating Pittsburg Trouble.

Pittsburg, June 28.—Mayor Magee and officials of the street car trust met representatives of the strikers in conference this morning in an attempt to settle the differences. No attempt is being made to move cars except those carrying mail.

Leon Line a Victim Too.

New York, N. Y., June 28.—The police are now working on a new angle in the murder case of Edith Rigell. It is now believed that the same band that slew the girl also killed Leon Line in whose room the girl's body was found.

A THRILLING EXPERIENCE.

During the past winter A. G. Campbell, general manager of the "Bell Bros", shows made a tour of the foreign countries in quest of some wild animals to enlarge their menagerie. During the stop at Singapore, India, he procured a large collection of jungle animals. Among this lot was a pair of Bengal Tigers. These tigers, by nature, are very sociable and the greatest precaution must be used in handling them. Each male was put in separate crates and all were placed in the hold of the ship.

On the morning of the fourth day out, Mr. Campbell started into the hold of the ship as usual to look after the welfare of the animals when he heard a roar, he beheld the large male Bengal Tiger glaring at him from the top of the crate. Before he could retreat the tiger made a spring toward him. Expecting this, though he had but a second time, he jumped aside. The tiger's claws tearing his coat from his back. After some forty minutes, however, he managed to get back to safety. Of course, the passengers and crew of the ship were in a state of great fear and confusion when they learned the facts. Mr. Campbell secured long ropes, and with the help of the crew, one after another of the ropes were cast over the tiger's body until he became entangled in the ropes. Then, when he was released in a strange crate. The same time how to be seen daily by the audience of Campbell Brothers' Circus, dated shows which will exhibit here on Wednesday near the fair grounds, or at the end of the water front.

The best new town on the G. T. P. between Winnipeg and the mountains is Pembina Township.

It has more natural resources than any other town in the Province.

Agriculture, Timber, Sandstone and coal will make Pembina a city.

The G.T.P. will be into Pembina this summer and prices will then double and treble. The corner of King and Main Sts. Pembina township sold last week for \$800. We sold it four months ago for \$225.

Pembina is building up rapidly. A \$20,000 hotel, four general stores and a hardware store and the principal business houses of the town and many other large buildings are contemplated.

If you want a quick turnover buy a lot or two in Pembina Township.
